1. Review of Minutes from the June's commissioner's meeting. A few corrections. Will resubmit for acceptance.
2. 2019 Meet Update. Meet planning is well underway and the meet announcement is just waiting on the updated qualification times and order of events.

Events will be reorganized and renumbered, per earlier discussions.

3. 2020 Meet Update. Discussion centered around how finals should be swum and scored. In the most recent meet at Cortland (2007), the championship finals heat swam the top 6 qualifying swimmers, and the consolation finals swam qualifying swimmers 7-12. Qualifying swimmers 13-16 did **not** swim in the finals session but were scored and awarded according to their finish place in the preliminary heats. There was no advancement of place based on times in the finals. In other words, prelim finishers 13-16 remain in their respective preliminaries finish as the finals finish, irrespective if their prelim time turns out to be faster than a swimmer(s) time(s) in the finals. Will vote on this at the August meeting.
4. 2019 State Meet Events/Qualification Times. Bill reported that the updated qualification times and course conversion chart have been updated and uploaded to the website.
5. League Reports. No reports were offered.
6. YSwimmingNewYork.org. The website was successfully transferred and is up and running
7. AOB. There was no additional topics discussed
8. Next Meeting: Tuesday, August 14<sup>th</sup> at 8:30 PM.

Respectfully submitted,

Bill Niblock, Commissioner
